

Inspection Kit!

You get all this:

New and Improved Model 36-2N1

It's our basic SPY•STIK, but now with 7400 Pixels for almost 25% greater resolution, two-shaft capability, focus position lever for multiple users, push-on/push-off light switch with dimming feature, and a long 36" shaft to reach all those hidden places. Great interdiction tool!

2N1 Series Features:

Carry Case
Rugged molded case protects your SPY•STIK. Compartments for bulb, mirror/magnet tips, etc.

Hi-Brightness Halogen Bulb for viewing in dark places!

Sleeve Detail

.40" Sleeve slides over .23" Shaft and locks onto threaded hub.

Plus... All these bonus items:

Rubber Eyeguard
Blocks ambient light, easy on eyeglasses.

TankSleeve™
Prevents cuts to the shaft and keeps that pesky filler flap out of the way while searching tanks.

Magnet Tip
Threaded tip with magnet helps with retrievals.

Batteries
Two AA Alkaline Long-life Batteries.

Mirror Tip
Threaded tip with mirror, for 90° views in tight spots.

WindoWedge™
Spreading tool for SPY•STIK insertions into car windows and doors.

Extra Batteries
Two AA Alkaline Long-life Batteries.

Model 3621-K
