To expedite your request, please:

1. Fill out an order form on each product to be evaluated.
2. Be sure order form(s) are legible and show authorizing signature.
3. Fax to us at 360-384-8702

Here's how the Free Evaluation works:

1. **We ship the unit you request.** (Be patient - demand for these units has been high and a slight delay may occur before your unit arrives.)
(Invoice mailed at time of order... see #3 below. Shipping will be by UPS Ground only. Only one evaluation unit per model, per department. Save the original packaging!)
 2. **Use it for ten days from receipt.**
Show the unit(s) to your Patrol Division, Investigative Division, Task Force, etc... Some departments want one in every vehicle, especially with Homeland Security concerns at such high levels!
 3. **If you agree it's an indispensable tool for law enforcement, simply keep it and pay our invoice within terms.**
(If not, simply write "No Thanks" on the invoice and return your unit(s), complete with all accessories, packaging, and documentation within the ten days. Upon receipt we'll cancel the invoice, as long as the unit's complete and not damaged or broken.
2. **Order additional units within thirty days and your original unit will count toward applicable quantity pricing.**
Simply refer to our original invoice number on your new quantity order. Please contact us at 1-800-487-7510 for quantity pricing.

Thanks for your order!
